Camp Programmes Working Group

- 1) The Camp Programmes Working Group will look at the camp programmes within the larger national context of the church and develop a model for linking the camps to the overall mission of the church.
- 2) In completing this task the Working Group will pay attention to the following questions.
 - a) In what ways might the camps be seen as part of a national strategy for leadership formation?
 - b) How do the camps name their most significant impact? How would the camps articulate their core purpose? To what extent is there commonality across all the camps? What might the camps articulate as the core common purposes of the camps?
 - c) How can the camps help congregations be more missionally engaged? How do the camps link the “God of camp” with the “God of the congregation?”
 - d) Is there interest or need related to creating a national platform among the camps?
